

# Expired flare collections

Are your marine flares out of date?

You can safely dispose of your old flares at one of our collections in November, January and April. Most flares have a use-by date of three years, and they must be replaced before the expiry date.

Visit [roads-maritime.transport.nsw.gov.au/flares](https://roads-maritime.transport.nsw.gov.au/flares) or scan the QR code to find a collection point near you.
