SENS Gazette Notice February 2023.pdf;

Transport for NSW acknowledges receipt of your Sailing Event Notification.

The notification you have provided covers the time period and sailing activities specified in the notification.

Please note that a new Sailing Event Notification will need to be submitted each year, or when the specified time period expires, if you wish to continue conducting sailing activities under the exemption.

The exemption to Marine legislation was introduced on 28 July 2017 to reduce the administrative burden associated with the approval of organised sailing events in NSW and removes the requirement for organisers of sailing events to hold an aquatic licence, provided standard conditions can be complied with. A copy of the conditions is available for download on the Transport for NSW website [here](#) and the NSW Gazette notice is attached for your convenience.

Organisers of sailing events conducted under the exemption are responsible for ensuring the event complies with all of the conditions.

Please note that one of the conditions of the exemption is that a new Sailing Event Notification must be received by Transport for NSW a minimum of **6 weeks prior** to the commencement of the proposed new Sailing Event

If you require further information about conducting events under the exemption please contact us on 13 12 36.

Please keep a copy of this email for your records.

Regards,
